mos.riQAsxkM

“Why did I become a pilot?”

TRAINING

“But Capt. Rich, how do I keep my proficiency?”

TRAINING
TRAINING
TRAINING

Don't stop training.

- Ultimately, flight training is a lifelong process and pilots should learn something new from every flight.
- Whether you just received your new student pilot certificate or have been flying for decades, these tips can help you accomplish your flying goals.
- Always keep your end goal in mind, surround yourself with the right people, take initiative and work ahead, prepare for every situation, and never stop flying!

BRIEFING THE APPROACH**

“BRIEFING THE IFR APPROACH..”

- NOT REQUIRED BY REGULATION
- BUT...
 - IT IS THE BUSIEST TIME OF THE FLIGHT
 - PLANNING AHEAD MAKES FLYING EASIER
 - SAFETY - INSYNC WITH YOUR SAFETY PILOT
 - AIRPORT CAN HAVE MULTIPLE APPROACHES
 - REDUCES RISK OF FLYING WRONG APPROACH

An approach briefing sets expectations for the pilot and/or crew which keeps the aircrew ahead of the aircraft

JUNE, 2019 SAFETY BRIEF BRIEFING THE AIRPORT DIAGRAM

2019 Safety Brief

BRIEFING THE AIRPORT DIAGRAM

- FAR 91.103 requires the pilot in command to become familiar with all information concerning that flight. That would include all runway and NOTAM information for your departure and destination fields, departure, enroute and destination weather, NOTAMS, and airfield information for your departure and destination.

An briefing sets expectations for the pilot and/or crew which keeps the aircrew ahead of the aircraft

What We Do

The club brings together active pilots (owners and renters) and aviation enthusiasts who are interested in learning more about aviation, pursuing flying and aviation-related activities such as renting airplanes together to share the costs and flying time, and group flying to various locations in or out of Florida.

SAFETY SEMINARS
