

Sun Country Aero Club

An Equity Based Flying Club

- **Advantages**

- You are an owner
- 2 aircraft club so aircraft availability is excellent
- Lowest cost of flying available
- Share price growth over time
- Online booking system
- N1212U \$70, N7071Q \$60 an hour dry
- Dues currently \$90 a month
- Hangar, winch and tug available for both aircraft.
- Low-cost instruction available
- All members must have private license.

- **Cost Structure**

- Monthly dues cover all cost to always have planes available and never fly. Annual, registration, hangar, Foreflight, Garmin subscriptions, taxes and insurance.
- Hourly costs cover expenses generated every time the key is turned on: fuel, oil, tires, maintenance, engine rebuild fund, paint, interior and avionics.
- Share cost is equity based and supports clubs' assets.
- Current club assets: \$230K +
- Share cost today \$6000 which will increase once we reach our goal of 20 members.
